COMMENTS

The Public Representative has reviewed the amendment, the financial model, as well as the original Parcel Select Contract 9. Based upon that review, the Public Representative concludes that the requested amendment for Parcel Select Contract 9 will continue to generate sufficient revenue to cover costs and thereby satisfies the requirements of 39 U.S.C. § 3633(a).

Requirements of 39 U.S.C. § 3633. Pursuant to 39 U.S.C. § 3633(a), the Postal Service's competitive prices must not result in the subsidization of competitive products by market dominant products; ensure that each competitive product will cover its attributable costs; and, ensure that all competitive products collectively contribute an appropriate share of the institutional costs of the Postal Service. Based upon a review of the financial model, it appears that Parcel Select Contract 9 should continue to generate sufficient revenues to cover costs during the next year. The Commission will have an opportunity to review the financial results for Parcel Select Contract 9 as amended for compliance with 39 U.S.C. § 3633(a) in the Annual Compliance Determination.

The Public Representative respectfully submits the foregoing comments for the Commission's consideration.
